VENUE

Icebergs Dining Room and Bar is one of Sydney's, if not Australia's, most beautiful restaurant sites, an icon standing sentinel over the power of the Pacific Ocean.

With a palette inspired by the ocean, Icebergs Dining Room and Bar is as intimate as it is impressive. Icebergs is not only home to the iconic restaurant, but to Australia's most renowned ocean pool and ocean swimming club – it is a testament to Australian culture.

Every day diners pass through the doors of the acclaimed restaurant from all over the globe for this unique combination - for the sweeping views of the Pacific Ocean and the world-class restaurant experience.

Icebergs Dining Room and Bar was designed in 2001 by Roman architects Lazzarini Pickering to celebrate that power. As with all great design it has stood the test of time and looks as iconic today as it did when first completed. "I have always described the Icebergs design as my love letter to Sydney," says Carl Pickering.

A destination for all seasons, Icebergs Dining Room and Bar is the ideal place to celebrate your wedding.

FOOD

Awarded two chefs hats in the SMH Good Food Guide for the past 16 years, our menus are designed to celebrate the best of Italian cuisine with Australia's finest produce, including sustainable meat, seafood & artisan produce along with a hint of native Australia.

CANAPE MENU

Our canape menu offers a selection of light and more substantial options. We recommend 6 selections per person for a light offering or 8 to 10 selections per person for a more substantial offering.

FEASTING MENUS

We have a selection of feasting menus for a sit-down event. A feasting menu is Maurice Terzini's preferred style of eating for groups – a meal that is about sharing conversation, celebration and conviviality. In this style of service, the entrées are placed in the centre of the table and shared, while the mains are silver served by our team of waiters and plated individually.

CUSTOM MENUS

We offer the opportunity to build bespoke menus for exclusive events.

BEVERAGES

BEVERAGES

Our Group Sommelier James Hird will be able to assist you in creating a custom wine menu for your wedding. James was awarded SMH Sommelier of the Year, and the Icebergs Dining Room and Bar Wine List has been awarded the highest 3 glasses by Gourmet Traveller Wine magazine. James believes in working directly with winemakers and focuses our wine list around producers who work sustainably and whose wines reflect the place they came from. We have an excellent cellar to draw from.

The Icebergs Bar combines handcrafted food, drinks and sounds – it is a great place to get your wedding started or to finish up with a bang. With a drinks list that includes both the freshness of each season and the integrity of old favourites with a twist, the Bar is all about unwinding and taking in the unique views and lifestyle.

The result is an elegant mix of sandy, sunny Australian views and classic Italian style. There's a drink to suit every occasion. We believe this is how life (and love) should be celebrated.

PRIVATE ROOM

PRIVATE ROOM

Just like Icebergs Dining Room and Bar, our Private Room overlooks breathtaking Bondi Beach and has a private balcony to enjoy along with its own facilities.

This is the perfect intimate space for the Bride and Groom and their bridal party to enjoy a little quiet time, perhaps after the ceremony and just before the wedding reception begins.

A blank canvas, our Private Room can be made available for a short repose, to be away from the crowds to change or just spend some time together. It's also a great space to be together and drink a glass of Champagne with your bridal party.

Room hire fee available upon request.

MUSIC

MUSIC

ICEBERGS SOUNDS

“I love the way conversations, music and art share with the food, in fact, I think that’s how it should be. But, as it is with primary ingredients to a dish, I feel that creating a space surrounded by those ideas helps the conversation take place.”

– Maurice Terzini

Music and art have always played a role at Icebergs, not just in the physical restaurant but in the personality of Icebergs Dining Room and Bar. We work with world class and internationally recognised artists and musicians to create an ambience that is not heard but felt.

Access to local and international DJs and live performers. We have strong relationships with producers who can be contracted to produce your arrival track or first dance song. We can introduce you to key Opera and Jazz artists.

Working together with your brief we can create the music and ambience designed for your celebration.

GRANDIFLORA

In 1995 Saskia Havekes opened a small flower shop, Grandiflora, in Sydney's Pott's Point. Today, while the shop still flourishes its founder has an international reputation, not only as a florist but as an author and now a creator of fragrances.

The Grandiflora aesthetic has influenced interior styling, hospitality, fashion, editorial and even the modern rituals of giving and displaying flowers. Saskia Havekes does not arrange flowers, she curates them. Drama and scale are her signatures. From an artful posy to a full-scale installation Saskia is always searching for the chance to sculpt beauty out of the bounty of nature and the mutability of the seasons.

ANDY BOWDY PASTRY

“Cakes need to taste as good as they look. For me, the best part of the cake is always the cream, so why is it so scarce? It shouldn't be like trying to find Wally in Wally World. Somewhere down the line the cream to cake ratio got all mixed up. I'm seeking to undo these cake crimes. Fry the dry and lubricate the cake!!”
